

PEER EVALUATION FORM

Presenter(s):

A. Content Did the presenter(s):

Clearly identify a research question?

The motivation underlying the research question?

The policy/empirical/theoretical background? (What we know)?

Was the research question answered?

Provide reasonable conclusions?

Was the topic interesting?

Other comments on the content of the presentation?

B. Organization, Structure, Flow

Did the presenter(s) have a clear, organized presentation?

Was the introduction, body, conclusion clearly communicated to the audience?

Were the visual aids helpful in understanding the topic?

Other comments on the organization of the presentation?

C. Direct Communication with the Audience

How well did the presenter(s) handle audience questions?

Other comments on the organization of the presentation?

D. Manner of Delivery

How was the presentation: ignoring the content, how was the “speech”?

(It may be helpful to refer to things like: voice modulation and rate of speech; clear enunciation, confidence and poise; posture, eye contact, gestures, and use of space; etc.)

E. Overall

What part(s) of the presentation did you like most?

What area(s) did you think showed the most potential for improvement?

F. Comments (write any other comments here)
