

# Center for the Environment Summer Internship Info-Session

Wishing it was summer? Start thinking about it now!

**Tuesday, February 9, 2010**

**4:30-5:30pm, in Kendade 303**

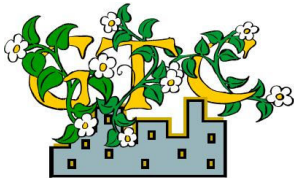

Find out what the CE has to offer!

Harvard Forest

Silent Spring  
Institute

Gardening the Community

The Center for the Environment offers **Summer Leadership Fellowships**, which fund challenging internships arranged exclusively for Mount Holyoke students. These fellowships fund opportunities at selected nonprofit organizations like: Heifer International, The Nature Conservancy, Harvard Forest, Silent Spring Institute, Worldwatch Institute, and are individually arranged with sponsors to provide students with connections beyond those offered by typical internship programs. Students with interest and relevant background, and majoring in ANY field, may apply.

The Center for the Environment will also fund independent internships as well. Students from last summer's internships will be available to share their experiences.

Check us out at: <http://www.mtholyoke.edu/ce/9273.shtml> .  
Email [center-environment@mtholyoke.edu](mailto:center-environment@mtholyoke.edu) with questions.
