MAKE SURE YOU'RE ADEQUATELY COVERED.

Massachusetts State Law requires that your insurance be equivalent to or better than the State's minimum standards, and it is your responsibility to make this determination. Mount Holyoke College's Student Medical Insurance Plan exceeds minimum standards and is designed to meet Mount Holyoke College students' needs. This Plan will function as your primary coverage except in the event that you are also covered as an employee under an employer group medical plan.

BEFORE YOU WAIVE COVERAGE under the Mount Holyoke College Student Medical Insurance Plan, check your current coverage carefully as frequently students arrive on campus without adequate coverage, especially if covered by a Health Maintenance Organization (HMO) or a managed care plan that has limited or no benefits in the Five College area. Make sure you're fully covered while on campus and throughout the policy year for inpatient and outpatient hospitalization, diagnostic testing and x-ray services, prescription drugs, mental health services, and that your current plan doesn't have high deductibles.

Many of the services offered by the Mount Holyoke College Health Center will not be covered by your insurance. Situations where this frequently arise are for laboratory testing, x-rays, outpatient mental health visits and physical therapy services. Employer groups are increasingly ending dependent coverage at age 19. Virtually all students who are 21 years or older, or married, are no longer covered as dependents under their parent's health insurance policy. Students who declare financial independence to gain eligibility for financial aid programs are also not eligible as a dependent for coverage under a parent's health insurance policy, regardless of the student's age.

Insured Students can have more than one coverage. The Mount Holyoke College Student Medical Insurance Plan is primary leaving other insurance, if available, to cover copayments or uninsured expenses in excess of the Student Medical Insurance Plan. Many students choose this option for convenience and security.

THE MOUNT HOLYOKE COLLEGE STUDENT MEDICAL INSURANCE PLAN

The Mount Holyoke College Student Medical Insurance Plan is a comprehensive, managed care program specifically designed for most college-age women's health needs. The Student Health Plan consists of two parts: Prepaid On-Campus Health Care and a Student Medical Insurance Plan. The Student Medical Insurance Plan provides coverage when the College is not in session or when the student is referred to non-College medical services by the Health Center. Students who waive the Student Medical Insurance Plan may still purchase the Prepaid On-Campus Health Care Option.

STUDENT ELIGIBILITY AND ENROLLMENT

All regular, full-time and fellow students are eligible to enroll in the Student Health Plan. Frances Perkins Program students, graduate students, or special students carrying two or more courses for academic credit and Graduate Assistants are also eligible. Only students officially enrolled as students at the Mount Holyoke College campus or enrolled (and receiving Mount Holyoke College academic credit) under a College-sponsored off-campus program are eligible to participate. Frances Perkins Program students who are regular employees of the College are not eligible.

ONLINE STUDENT ENROLLMENT MANAGEMENT PROCESS

The Student Health Plan combines the coverage available through the Student Medical Insurance Plan and the Optional Prepaid On-Campus Health Care. Eligible students have three (3) options: 1) participate in the Student Health Plan which includes the Optional Prepaid On-Campus Health Care), 2) participate in the Prepaid On-Campus Health Care (waiving the Student Medical Insurance Plan), or 3) waive participation in both plans and maintain their current private insurance only.

Students who are currently enrolled in a health insurance plan of comparable coverage that will be in effect until August 15, 2007 can waive the Student Medical Insurance plan. Recognizing that health insurance coverage may change and as required by state law, students will be asked to provide proof of comparable coverage in order to waive the Student Medical Insurance Plan at the beginning of each academic year.

Waiver Deadline

The deadline for students to complete the Online Enrollment/Waiver Form is August 4, 2006 for annual coverage and February 10, 2007 for students newly

enrolled for the Spring Semester. Students who waive the Student Medical Insurance Plan in the fall waive coverage for the entire policy year. The Online Enrollment/Waiver process is the only accepted process for making your insurance selection. **Students who do not submit the Online Enrollment/Waiver Form by the deadline will remain enrolled in and billed for the Student Medical Insurance Plan.**

Enrollment/Waiver Process

To enroll or waive the insurance, go to www.kosterweb.com, click on “Student Access” and select Mount Holyoke College from the dropdown box. First Time Users will need to create a new User Account (User Name and Password), first and last name, student ID number, date of birth and email address. Students returning to the site should log in under “Returning Students” with their existing User Account information. After creating or accessing a User Account, log in, select “Online Forms” and then select the “2006-2007 Mount Holyoke College Annual Enrollment/Waiver Form”. To complete the Waiver option of the online form, you will need to provide information about your current health insurance plan: name, claims address and toll-free customer service telephone number of the insurance carrier, the name of the policyholder and policyholder ID or group number. The purpose of collecting this information is for waiving the student insurance plan only and is not used for any other purpose. The Online process is the only accepted process for waiving coverage.

Immediately upon submitting the Online Form, you will receive a confirmation number that the Online Form has been submitted. Print this confirmation number for your records, as it is your proof that the Online Form was submitted. If you do not receive a confirmation number, you will need to correct any errors and resubmit the Online Form.

Mount Holyoke College reserves the right to reject a waiver request when the insurance carrier or claims administrator is not a domestic or U.S. based company. **International students may not waive the Student Medical Insurance Plan unless they are covered by an insurance carrier based in the United States (embassy-sponsored programs are no longer considered comparable coverage).**

In the event students waive the Student Medical Insurance Plan coverage and then lose current coverage due to a qualifying event, (i.e. parent loss of coverage or the maximum age limit available is attained), students have the right to petition to add coverage within 31 days of the qualifying event. If the petition is received within 31 days of the qualifying event, there will be no break in coverage. For petitions received after the 31 days,

the effective date of coverage will be the date that the petition is received at Koster Insurance. If approved, the premium will not be prorated.

DEPENDENT ELIGIBILITY AND ENROLLMENT

Students enrolled in the Student Medical Insurance Plan may enroll their eligible Dependents as defined with an additional cost. “Dependent” means: (a) the Insured Student’s spouse or same-sex domestic partner residing with the Insured Student; or (b) the Insured Student’s unmarried children under the age of twenty years; or (c) unmarried children of the Insured Student’s Dependent child, provided such children are under the age of twenty years. Same-sex domestic partners will be required to complete and notarize a Domestic Partner Affidavit and complete a Dependent Enrollment Form. Coverage for newborn children will consist of coverage for Sickness or Accident, including necessary care or treatment of congenital defects, birth abnormalities, or premature birth. Such coverage will start from the moment of birth if the Insured Student is already insured for dependent coverage when the child is born. If the Insured Student does not have dependent coverage when the child is born, We cover the newborn child, for dependent benefits from and after the moment of birth, or any child placed with the Insured Student for adoption for dependent benefits from and after the moment the child is placed in the physical custody of the Insured Student for adoption. To continue the child’s dependent benefits past the first 31 days, or to obtain any other dependent coverage, the Insured Student must complete and return the Dependent Enrollment Form with payment directly to Student Financial Services within 31 days of the child’s birth, or date of placement for adoption, or date of marriage.

The term “children” includes an Insured Student’s biological children; step-children; and adopted children from the date of placement in the Insured Student’s home. It also includes an Insured Student’s newborn dependent children who, as of the last day of the 30-day period beginning with the date of birth, are covered under Creditable Coverage; or an Insured Student’s adopted dependent children under the age of 18, who, as of the last day of the 30-day period beginning on the date of adoption or placement for adoption, are covered under Creditable Coverage (except this shall not apply to coverage the adopted child may have had before such adoption or placement.)

A child’s coverage will not end because the child has reached the age limit shown above, if he or she: (a) is not able to earn his or earn his or her own living as a

result of physical handicap or mental retardation; (b) became so handicapped before reaching the age limit; and (c) is chiefly dependent on the Insured Student for support and maintenance. Within 31 days after the child reaches the age limit, the Insured Student must send Us proof of the child's dependency or handicap. We may ask for more proof of the child's dependency and handicap, but We will not ask for proof more frequently than annually after the two year period following the child's attainment of the limiting age. Any dependent on active duty in any military, naval or air force of any country is not eligible for coverage under this Policy.

Dependents who are regular employees of Mount Holyoke College are not eligible. A Dependent cannot be insured under this Plan if the Insured Student loses eligibility under the Student Medical Insurance Plan.

Dependent Enrollment

Payment for Dependent coverage is in addition to the fee for your individual student coverage. New or previously insured Dependents must be enrolled by September 15, 2007 for annual coverage or by February 15, 2007 for spring semester for new students to Mount Holyoke College. If the deadline for enrolling an eligible dependent is not met, the dependent cannot be added until the following school term. The deadline to add eligible dependents due to a qualifying event (i.e. birth, marriage, loss of coverage) is 31 days from the qualifying event in order to avoid a break in continuous coverage. If the qualifying event deadline is not met, the effective date will be the date the Dependent Enrollment Form is returned to Student Financial Services. An Insured Person who has a break in continuous coverage will not be covered for Pre-existing Conditions that originated before or during such break except as otherwise may be provided for. Students interested in enrolling their eligible Dependents should contact Student Financial Services.

POLICY TERM

The Mount Holyoke College Student Medical Insurance Plan is effective at 12:01 a.m. on August 15, 2006. An eligible student's coverage becomes effective on that date or the date the application and full premium are received by the College or Koster Insurance Agency, whichever date is later. The Annual Policy terminates at 12:01 a.m. on August 15, 2007 or at the end of the period, through which the premiums are paid, whichever is earlier. Students may enroll for the Fall Semester only, which is August 15, 2006 to January 15, 2007.

The insurance for the Spring Semester is effective at 12:01 a.m. on January 15, 2007 or the date the application and full premium are received by the College or Koster Insurance Agency, whichever date is later and terminates at 12:01 a.m. on August 15, 2007.

PREMIUM REFUND POLICY

Except for a withdrawal due to an Injury or Sickness, any Insured Student withdrawing from the school during the first 31 days of the period for which coverage is purchased shall not be covered under the Plan and a full refund of the premium will be made. Insured Students withdrawing after 31 days will remain covered under the Plan for the full period for which the premium has been paid. Students taking a leave or graduating from the college at the end of the fall term may request a refund of premium by submitting a written request to cancel Spring Coverage from Student Financial Services within 30 days from the end of the fall term. Students who cancel coverage for the Spring and who return to the college the subsequent Fall and who re-enroll in the Student Medical Insurance Plan, will experience a break in coverage and will be subjected to the Pre-Existing Condition Limitation. Premiums received by the Company are fully earned upon receipt and are non-refundable except as specifically provided. Coverage for an Insured Student entering the Armed Forces of any country will terminate as of the date of such entry. Those Insured Students withdrawing from the school to enter military service will be entitled to pro-rata refund of premium upon written request.

EYEMED VISION CARE

The discount vision plan is available through EyeMed Vision Care. EyeMed's provider network consists of over 20,000 independent providers and retail stores nationwide, including LensCrafters, Target and Pearle Vision. You will receive a separate EyeMed ID card. There is no waiting period; you can take advantage of the savings through EyeMed immediately upon receipt of your separate EyeMed ID card. You can purchase prescription eyeglasses, conventional contact lenses or even non-prescription sunglasses at savings between 15% and 45% off regular retail pricing. In addition, you can receive discounts from 5% to 15% off laser correction surgery at some of the nation's most highly qualified laser correction surgeons. To locate a participating provider, you can call 1-866-8EYEMED or go online at www.enrollwiththeyemed.com. This program is not underwritten by Combined Insurance Company of America.

DENTAL SAVINGS PROGRAM

The Dental Savings Program is an exclusive plan for students enrolled in the Student Medical Insurance Plan. The program is operated by Basix, LLC to provide students access to general and specialty dental care from a select network of local dentists. The network of providers has met strict credentialing and quality assurance requirements. The network of participating dental providers has agreed to accept negotiated prices for the services they provide. Students will be responsible for paying for services they receive at the time of the visit. Students will generally save 20% to 50% of charges for a wide range of dental services – from routine cleanings to root canals. Because the Dental Savings Program is not insurance, there are no claim forms, annual maximums, benefit limitations and conditions or other plan provisions. Students can log onto the website, www.basixstudent.com to locate participating dental providers, download the fee schedule and learn more about the Program. This program is not underwritten by Combined Insurance Company of America.

MOUNT HOLYOKE COLLEGE HEALTH CENTER

The Health Center provides a range of services including an outpatient clinic, mental health counseling, inpatient infirmary, clinical laboratory and x-ray facilities. Physicians, Nurse Practitioners and therapists are on the premises during regular office hours and on call for emergencies. A registered nurse is on duty 8 a.m. to 11 p.m. daily.

The Mount Holyoke Health Center is available to all Mount Holyoke College students whether or not they are enrolled in the Student Health Plan. Outpatient visits to the Health Center's medical, nursing and mental health, substance abuse, and nutritional counseling staff are provided to all students without charge. However, there are charges for x-ray, laboratory and physical therapy services and infirmary stays longer than 4 hours.

PREPAID ON-CAMPUS HEALTH CARE OPTION

For students who waive the Student Medical Insurance Plan, the College offers an optional Prepaid On-Campus Health Care Option at the Mount Holyoke Health Center while the College is in full session. The Prepaid On-Campus Health Center option provides services at the Mount Holyoke College Health Center and will cover lab tests, x-rays, physical therapy, and extended nursing care provided on campus. Students will not be billed for any use of the Health Center and services (except for immunizations and prescriptions). However, any charges for referrals or treatment outside of the services provided by the Health Center, including emergency room or ambulance services, are the responsibility of the student and her own insurance company.

The Prepaid On-Campus Health Care Option does not cover: immunizations and prescribed medications, off-campus care, ambulance, and hospital or emergency room visits.

**STUDENT MEDICAL
INSURANCE PLAN
DESCRIPTION OF
BENEFITS**

STUDENT MEDICAL INSURANCE PLAN

The Student Medical Insurance Plan meets and may exceed the Massachusetts State Law requirements for student health insurance. It expands the coverage provided at the Mount Holyoke College Health Center to provide coverage for the treatment of injuries or illness which are beyond the scope of care available at the Health Center, emergency care, and care while the Health Center is closed or the student is out of the region. Please refer to the Description of Medical Insurance Benefits section for further details.

In order to keep the program as affordable as possible, the College has elected to incorporate managed care practices into the program. This means that all outside care (i.e. non-Health Center) must have a referral from the Health Center (refer to Exceptions to Referral Process). When treatment is obtained from health care providers within the program's Network Providers, preferred rates and coverage schedules are applied.

NETWORK PROVIDERS

The Mount Holyoke College Student Medical Insurance Plan provides access to hospitals and health care providers locally through the Pioneer Health PPO in Western Massachusetts, throughout New England and across the country through the CCN provider network. When Insured Students use Network Providers, out-of-pocket expenses will be less because Network Providers have agreed to accept a negotiated fee or Preferred Allowance as payment. Non-Network Providers have not agreed to a negotiated fee and are subject to a higher coinsurance. Students should be aware that Network Hospitals may be staffed with Non-Network Providers. Receiving services or care from a Non-Network Provider at a Network Hospital means that those charges will not be paid at the Network Provider level of benefits.

It is important that the Insured Student verify that her Doctors are Network Providers when calling for an appointment or at the time of service. The most efficient and accurate way to identify Network Providers is to call CCN toll-free or visit their website. This information is provided in the back of the brochure.

REFERRAL PROCESS

When the college is in session, students must first report to the Mount Holyoke Health Center for treatment or for a referral in order for benefits to be paid. An Insured Student must receive a referral from the Health Center prior to receiving services from any off-campus provider.

Exceptions to the Referral Requirement for Insured Students:

1. Medical Emergency. The Insured Student should return to the Health Center for necessary follow-up care.
2. When the Health Center is closed.
3. Medical care received when the Insured Student is more than 50 miles from campus.
4. Medical care received when the Insured Student is no longer able to use the Health Center due to change in student status.
5. Insured Dependents.

SPORTS INJURY INSURANCE

The Student Medical Insurance Plan is also designed to work in conjunction with the Sports Injury Insurance Policy, which is carried by the College for all Intercollegiate and Club Sports athletes. The Sports Injury Insurance Policy has a \$500.00 deductible which is met by the Student Medical Insurance Plan. If a Student waives the Student Medical Insurance Plan, and does not have any other coverage, the \$500.00 Sports Injury deductible will be the responsibility of the student. A separate sports insurance brochure is available through Koster Insurance Agency.

DEFINITIONS

Coinsurance means the percentage of the Expenses for which the Insured Person is responsible for a covered service.

Copayment means the specified dollar amount an Insured Person must pay for specified charges. The Copayment is separate from and not a part of the deductible or Coinsurance.

Covered Charges or **Expense** as used herein means those charges for any treatment, services or supplies that are: (a) for Network Providers, not in excess of the Preferred Allowance; (b) for Non-Network Providers, not in excess of Reasonable and Customary Expense; (c) not in excess of the charges that would have been made in the absence of this Insurance; and (d) incurred while this Plan is in force as to the Insured Person except with respect to any expenses payable under the Extension of Benefits Provision.

Deductible means the amount of Expenses for covered services and supplies which must be incurred by the Insured Person before specified benefits become payable.

Doctor as used herein means: (a) a legally qualified physician licensed by the state in which he or she practices; or (b) a practitioner of the healing arts performing services within the scope of his or her license as specified by the laws of the state or residence of such practitioners; or

(c) a podiatrist or optometrist performing covered services rendered within the scope of his or her license; (d) a nurse midwife when such services are within the lawful scope of practice for a certified nurse midwife; (e) a certified registered nurse anesthetist or nurse practitioner designated as such by the board of registration in nursing, if: (i) the service rendered is within the scope of the certified registered nurse anesthetist's license or the nurse practitioner's authorization to practice by the board of registration in nursing; and (ii) the policy or contract currently provides benefits for identical services rendered by a provider of health care licensed by the commonwealth; (f) a chiropractor when performing covered services rendered within the scope of his or her license; or (g) a dentist when performing covered services rendered within the scope of his or her license.

Elective Treatment means medical treatment which is not necessitated by a pathological change in the function or structure in any part of the body occurring after the Insured Person's Effective Date of coverage. Elective Treatment includes, but is not limited to: tubal ligation; vasectomy; breast reduction; sexual reassignment surgery; submucous resection and/or other surgical correction for deviated nasal septum, other than necessary treatment of covered chronic purulent sinusitis; treatment for weight reduction; immunizations; and routine physical examinations.

Experimental or Investigational Care means a service or supply: (a) that We, in Our discretion, determine is not commonly and customarily recognized as being safe and effective for the particular diagnosis or treatment; or (b) which requires approval by any governmental authority and such approval has not been granted before the service or supply is furnished. We may rely upon the advice of medical consultants and commonly recognized national medical organizations in determining which services or supplies are experimental or investigational.

Grievance means any oral or written complaint submitted to Us or Our authorized TPA that has been initiated by an Insured Person, or an Insured Person's authorized representative, concerning any aspect or action of Combined relative to the Insured Person, including, but not limited to, review of Adverse Determinations regarding scope of coverage, denial of services, quality of care and administrative operations, in accordance with the requirements of 105 CMR 128.000 et seq.

Injury means bodily injury caused by an accident which is the sole cause of the Loss. All injuries due to the same or a related cause are considered one Injury.

Insured Person means an Insured Student and their covered Dependent(s) while insured under this Plan.

Loss means medical expense covered by this Policy as a result of Injury or Sickness as defined in this Policy.

Medical Emergency means a medical condition, whether physical or mental, manifesting itself by symptoms of sufficient severity, including severe pain, that the absence of prompt medical attention could reasonably be expected by a prudent layperson who possesses an average knowledge of health and medicine, to result in placing the health of an Insured Person or another person in serious jeopardy, serious impairment to body function, or serious dysfunction of any body organ or part, or, with respect to a pregnant woman, as further defined in 1867(e)(1)(B) of the Social Security Act.

Medically Necessary means that a service, drug or supply is needed for the diagnosis or treatment of an Injury or Sickness in accordance with generally accepted standards of medical practice in the United States at the time the service, Drug or supply is provided. A service, drug or supply shall be considered “needed” if it: (a) is ordered by a licensed Doctor; and (b) is commonly and customarily recognized through the medical profession as appropriate for the particular Injury or Sickness for which it is ordered. A service, drug or supply shall not be considered Medically Necessary if it is investigational, experimental, or educational.

Network Providers are Doctors, Hospitals and other healthcare providers who have contracted to provide specific medical care at negotiated prices.

Non-Network Providers have not agreed to any pre-arranged fee schedules.

Per Condition Aggregate Maximum means for each Insured Person, the total amount of benefits payable for each Injury or Sickness under the Student Medical Insurance Policy or Policies issued to this Policyholder before this Policy.

Preferred Allowance means the amount a Network Provider will accept as payment in full for Covered Services.

Reasonable and Customary Expense means fees and prices generally charged within the locality where performed for Medically Necessary services and supplies required for treatment of cases of comparable severity and nature.

Sickness means sickness or disease, which is the sole cause of the Loss. Sickness includes both normal pregnancy and complications of pregnancy. All sicknesses due to the same or a related cause are considered one Sickness.

We, Us or Our means Combined Insurance Company of America.

You, Your or Yours means the Insured Student.

EXCLUSIONS AND LIMITATIONS

Pre-existing Conditions

A Pre-existing Condition is a Sickness, Injury, or related condition for which medical advice, diagnosis, care or treatment was recommended or received by a Doctor during the six (6) consecutive months prior to the Effective Date of the Insured Person's coverage under this policy.

The Pre-existing Condition Waiting Period is six (6) months. Except for a Medical Emergency, coverage will not be provided for a Pre-existing Condition until the waiting period has elapsed. The Pre-existing Condition Waiting Period applies to all persons covered under this Policy and begins on the Insured Person's Effective Date.

If an Insured Person receives treatment or service for a Pre-existing Condition: (a) We will pay benefits for such condition up to \$2,500 per condition until the day after a six (6) consecutive month period has passed from the Insured Student's effective date; and (b) We will pay only Loss or Expense incurred after such six (6) consecutive month period.

A period of Creditable Coverage will be credited if the previous Creditable coverage was continuous to a date not more than 30 days prior to the Effective Date of the new coverage.

Payment will be in accord with the provisions of this Policy. If the Insured Person has a lapse in coverage, the Pre-existing Condition Waiting Period will have to be satisfied again.

Creditable Coverage

This term means the following medical, hospital, and surgical coverage an Insured Person had prior to the Effective Date under this Policy.

(a) an employee group health plan; (b) health plan including but not limited to, a health plan issued, renewed or delivered within or without the Commonwealth to a

natural person who is enrolled in a qualifying student health insurance program in this state or of another state; (c) Medicare; (d) Medicaid; (e) Chapter 55 of title 10, United States Code. (CHAMPUS); (f) a medical care program of the Indian Health Services or of a tribal organization; (g) a state health benefits risk pool; (h) a health plan offered under the Federal Employee Health Benefits Program; (i) a public health plan as defined under Federal regulations; (j) a health benefit plan under Section 5(e) of the Peace Corps Act; (k) any other similar coverage permitted under State/Federal law or regulations; (l) any other Creditable Coverage as defined by subsection (c) of section 2701 of Title XXVII of the Federal Public Health Services Act; or (m) any other publicly sponsored program, provided in this state or elsewhere, or medical, hospital and surgical care.

Exceptions to Pre-Existing Conditions

The Pre-existing Condition exclusion does not apply to any of the following: (a) pregnancy, including complications, if such condition is covered under this Policy; (b) a covered newborn dependent child who, as of the last day of the 30-day period beginning with the date of birth, is covered under Creditable Coverage; or (c) a covered adopted dependent child under the age of 18, who, as of the last day of the 30-day period beginning on the date of adoption or placement for adoption, is covered under Creditable Coverage (except this shall not apply to coverage the adopted child may have had before such adoption or placement).

Continuous Insurance

Prior Plan means (a) the Student Health Insurance policy or policies issued to the Policyholder immediately before the current Policy; and (b) other policies providing Qualifying Previous Health Coverage as defined in this Policy. Injury or Sickness shall include an Injury sustained, or a Sickness first manifesting itself while the Insured Person is continuously insured under the Prior Plan and became insured under this Policy without a break in coverage.

But no benefits shall be payable for such Injury or Sickness to the extent that such benefits are payable under the Prior Plan for the same expenses. This will apply even though the Prior Plan provided that it will not duplicate the benefits under another Policy. Also, the total amount of benefits payable for Injury or Sickness under this Policy and the Prior Plan cannot exceed the Per Condition Aggregate Maximum. Nothing contained herein shall be held to vary, alter, waive, or extend any of the provisions, exclusions, and other terms of this Policy, except as provided above.

EXCLUSIONS

This Plan does not cover nor provide benefits for:

1. Services normally provided without charge by the Policyholder's health service, infirmary, or Hospital, or by Health Care Providers employed by the Policyholder;
2. Preventative medicine, serums, immunizations, or vaccine, except as specifically provided;
3. Pre-existing Conditions as defined in this Plan, not to exceed \$2,500 per Injury or Sickness for a six month period;
4. Injury sustained or Sickness contracted while in service of the Armed Forces of any country, except as specifically provided. Upon the Insured Person entering the Armed Forces of any Country, We will refund the unearned pro-rated premium to such Insured Person;
5. Illness, Accident, treatment or medical condition arising out of the play or practice of intercollegiate sports, in excess of \$500.00;
6. Injury resulting from a motor vehicle accident to the extent that benefits are payable under any automobile medical expense insurance or automobile no-fault plans;

REIMBURSEMENT & SUBROGATION

If We pay covered expenses for an accident or injury You incur as a result of any act or omission of a third party, and You later obtain recovery from the third party, You are obligated to reimburse Us for the expenses paid. We may also take subrogation action directly against the third party. Our Reimbursement rights are limited by the amount You recover. Our Reimbursement and Subrogation rights are subject to deduction for the pro-rata share of Your costs, disbursements and reasonable attorney fees. You must cooperate with and assist Us in exercising Our rights under this provision and do nothing to prejudice Our rights.

EXTENSION OF BENEFITS

If an Insured Person is confined to a hospital on the day his or her insurance terminates, expenses incurred after such termination date and during the continuance of that hospital confinement shall be payable in accordance with the Plan, but only while they are incurred during the 90 day period following such termination of insurance. If an Insured Person is not confined to a hospital on the date his or her insurance terminates, charges incurred during the next 31 days shall be covered under this Plan, but only for an Injury or Sickness for which covered expenses were incurred before the termination date.

COORDINATION OF BENEFITS

This Plan is subject to the Coordination of Benefits provision outlined in the Master Policy. For a complete description, please see the Master Policy.

INQUIRY & GRIEVANCE PROCEDURES

The Inquiry process is an informal process during which We attempt to answer questions and/or resolve concerns communicated to us on your behalf, within three (3) business days. If We fail to answer your question or resolve your concern, then you may have the Inquiry processed as an internal Grievance. The Inquiry process may not, however, be used for review of an adverse determination (involving medical necessity determinations), which should be resolved as an internal Grievance.

If you have an Inquiry (e.g., a question or concern which has not been the subject of an adverse determination), you should call Pioneer Management System, Inc. (Our Administrator) and speak with a Customer Service

Representative. You may reach customer service at Pioneer Management System, Inc. by calling: (877) 868-9060. We will attempt to resolve your inquiry to your satisfaction within three (3) business days of the Inquiry.

If you wish to file a Grievance concerning any aspect or action of your health plan, including, but not limited to, review of adverse determinations regarding scope of coverage, denial of services, quality of care and administrative operations, or if your Inquiry was not resolved to your satisfaction, You may request an internal Grievance. To initiate a Grievance by telephone, call Pioneer Management System, Inc. at (877) 868-9060 and ask to speak with a Patient Advocate.

CLAIMS PROCEDURES

In the event of an Injury or Sickness the Insured Person should:

1. If at Mount Holyoke College and you are an Insured Student, report immediately to the Health Center so that proper treatment can be prescribed or approved, or
2. If away from Mount Holyoke College or the Health Center is closed, report to the nearest Doctor or Hospital and follow the prescribed treatment advice. The Insured Student should return to the Health Center for any necessary follow up care.
3. A claim form is not required to submit a claim. However, an itemized bill, HCFA 1500, or UB92 form should be used to submit expenses. If a referral was required, this form should accompany this submission. The Insured Student/Person's name and identification number need to be included.
4. Providers should submit claims within 90 days from the date of Injury or from the date of the first medical treatment for a Sickness, or as soon as reasonably possible. If a student is submitting the claim, a copy should be retained and claims should be mailed to the Claims Administrator, Pioneer Management Systems, Inc. at the address on the back cover.
5. Direct all questions regarding claim procedures, status of a submitted claim or payment of a claim, or benefit availability to the Claims Administrator, Pioneer Management Systems, Inc.
6. If you disagree with a claim payment decision, an Insured Person has the right to file an appeal. The process to file an appeal is as follows: (a) you must notify Pioneer Management Systems, Inc. within 30 days of the denial. Your claim appeal must be

in writing, and clearly state that you are appealing the decision and requesting another review of your claim; and (b) your written appeal should provide specific documentation as to why you believe the decision to be in error, and any new medical information that will be helpful to Pioneer Management Systems, Inc. in considering the claim. Pioneer Management Systems, Inc. will respond in writing as to their decision.

REMEMBER THAT EACH INJURY OR SICKNESS REQUIRES A SEPARATE REFERRAL FORM EACH POLICY YEAR.

Any provisions of this Policy, which on its effective date, is in conflict with the statutes of the state in which the Policy is issued will be administered to conform with the requirements of the state statutes.
