Dear Orin,

On behalf of the Board of Trustees of The Engineering Center Education Trust, I am pleased to inform you that the Board has approved your grant request of \$1468.00 for the Mount Holyoke College Engineering Outreach Program.

It is our understanding that the grant money will be used to purchase equipment and materials for the program with South Hadley Middle School. I have enclosed some postcards that refer students to our web site, which can give the students additional information.

As you and I discussed on the phone, please be sure to recognize **The Engineering Center Education Trust (TECET)** on any press materials or appropriate signage related to this program. I would great appreciate receiving copies of any press articles that mention this program.

Congratulations! Please feel free to call me if you have any questions.

Sincerely yours,

Abbie R. Goodman  
Executive Director
