WPAP	\$292	\$292	
LUSO Club	\$656	\$200	
*The special for the Network came out of money left over from last year's Regular funding, which they should have been on.			
*The overspill money (\$2,063) came out of this semester's Special Funding budget. The reason we went over is because of Thursday Night Edge who was previously under the Network, but broke away this semester and provided they're financially stable will be on Regular funding next year.
