

MHC Application for a Dual Degree in Engineering

All students seeking a dual degree in engineering should complete this form by December 15 of the sophomore year.

Please submit this completed form to the office of Student Success and Advising, 300B Mary Lyon Hall.

- All** students should attach a statement explaining how your proposed work in engineering fits with your Mount Holyoke major and your long-term plans.
- Students applying for the **UMass** dual degree (as first or second choice) must also complete and attach the UMass Dual Degree application.
- Students applying to **Dartmouth** must also apply directly to the Thayer School of Engineering, by February 1 of the sophomore year. The 2-1-1-1 schedule is standard, but admission may be deferred to permit a 3-2 schedule (although this is not guaranteed).
- Students applying to **Caltech** must also apply directly to Caltech by April 1 of the junior year.
- Students applying to **Dartmouth or Caltech** must also complete an application for academic leave by March 1 of the year before their first year away.

Name _____ Class _____ Campus Box _____

Extension _____ Cell Phone # _____

MHC E-mail address _____

MHC Major _____

MHC Minor (not required for special majors) _____

Intended engineering major or concentration _____

Dual degree program(s) for which you are applying (include all materials for *both* choices, if there are two):

1st choice _____

2nd choice _____

Academic years you plan to be off campus _____, _____

Do you receive need-based financial aid at MHC? _____.

Are you applying for an MHC Engineering Scholarship? _____.

If you are applying for an MHC Engineering Scholarship, ask a faculty member who knows you and your academic work to write a letter in support of your application. This letter should be sent to the office of the Student Success and Advising or emailed to aemmersh@mtholyoke.edu, marked Engineering, and is due at the same time as this form.

Name of the faculty member who is writing on your behalf. _____

(please print)

If you NOT applying for an MHC Engineering Scholarship, please provide an alternative reference:

(please print)

Major advisor's name (please print) and signature _____

Engineering advisor's name (please print) and signature _____

Your signature _____ Date _____
