Liaison Officers

The liaison officer is a resource that is available to the Mount Holyoke College community to help address issues of concern that involve public safety, crime prevention and conflict resolution. Members of the community can contact the liaison officer anytime so she/he may address questions or concerns. We hope that by collaborating, we will be able to better understand issues at hand and provide some meaningful, long-term solutions to problems.

The campus police department offers programs that can be arranged in your area by request. We make these programs very accessible to you by coming to your location.

Offered Programs

- **Alcohol Awareness**: A presentation is given on the effects of alcohol and the laws and consequences. Fatal Vision Goggles are used as part of this program.

- **S.A.F.E. (Self-Defense workshop)**: Offered as a 1 hour self-defense program to educate and share vital information about personal safety to the community. The S.A.F.E program is an introductory to a more advanced self-defense training program. Your liaison officer can assist you in arranging for an instructor, to come to your location.

- **Hall Talks**: Social gatherings where members of the area can ask questions, and build a working relationship with the department. Please contact your liaison officer if you would like a Hall Talk in your area.
