Child Passenger Car Seat Installations

The Campus Police Department is committed to the safety of our children. Motor vehicle crashes pose a huge risk for children. When properly installed, child safety seats reduce the risk of death in a motor vehicle crash. This is where the Campus Police Department can assist.

The Campus Police Department offers Child Passenger Car Seat Inspections. Open to Hampshire, Mount Holyoke, and Smith College community members only, our certified technician will thoroughly inspect child passenger seats for wear and effectiveness and install them properly to assure the safest ride for our children. To schedule a 30 minute appointment either call e-mail the Outreach Coordinator (Earl Brown) at embrown@mtholyoke.edu or (413) 559-6981. This program is open to Hampshire, Mount Holyoke, and Smith College community members only.

Questions regarding this program can be forwarded to the outreach coordinator, Officer Earl Brown at embrown@mtholyoke.edu or call (413) 559-6981.
